“To really appreciate music, you have to follow the four stages of kirtan: (i) singing, (ii) keeping time with the rhythm or taal, (iii) evoking the appropriate mood so that the mind begins to swing, and (iv) swaying the body with the rhythm, which happens naturally when the mind begins to dance. Try this and you will see the difference in the quality of your experience during kirtan”.

Swami Niranjan Saraswati, Yoga Mag Dec 2004
